Dear Parents/Guardians,

Starting Monday 25th May, Millen Primary School will commence using a new program called “MessageYouSchools”.

This system allows the school to send SMS messages to all parents for a variety of reasons. This includes absentees, reminders, notification of student awards, cancellation of events etc.

Also the system allows you, the parent to text us if your child is absent from school.

Please put the following number in your phone contact list as follows:

Millen Primary School 0437 887 585.

Please note that you will be unable to telephone this number as it is a SMS only number, and goes directly into the computer system.

If you have any queries, about the system, please contact the office to speak to Janine or Lisa.

Kind regards

Isobel Comrie
Principal
